Choose the health insurance that's right for you

At Nationale-Nederlanden, you can opt for a competitive premium with Zorg Voordelig, or for extra security with Zorg Vrij. With Zorg Voordelig, we reimburse 70% of health costs from healthcare providers without a contract. Do you choose for Zorg Vrij? Then we almost always reimburse 100% of health costs from healthcare providers without a contract. Whichever basic insurance you choose, you always have a free choice of healthcare providers.

Do you need extra care, for example physiotherapy or dental care? Then additional insurance can be useful. From Instap to Compleet, there is always a package that suits you. With the growth service, you can also change the supplementary insurance once a year. Because life is full of changes. Think, for example, of cohabitation, pregnancy or birth.
