An extraordinary year

2022 was an extraordinary year. We organised an extra donation round to support initiatives related to the Covid-19 response, as we were still in a lockdown at that moment. Little did we know that two other themes would dominate the year 2022 and were also reflected in the applications. Rising energy prices due to the war in Ukraine and increased inflation caused a lot of financial problems for Dutch families

and we received many applications for charitable organisations that focus on helping people in financial difficulty. We are happy that we could contribute to these causes and above all we are proud of our colleagues who regularly volunteer to help those in need!

Examples of charitable organisations that received a donation:

Stichting Hospice IJsseloever
(EUR 2,500)

Hospice IJsseloever provides specialised care for terminally ill patients and support for their families. It aims to improve patients' quality of life by providing comfort and pain management. With our donation, they bought a double bed so that the partners of patients can stay the night by their side.

YMCA Nederland
(EUR 7,500)

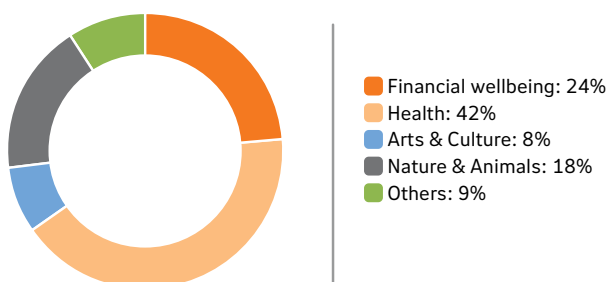

YMCA Nederland is a non-profit organisation that is mainly active in the field of recreation and leisure for young people between the ages of 6 and 25. The YMCA helps young people better themselves, their communities, and their world by providing safe spaces and opportunities for them to take an active role in transforming their communities. We supported the 'Ieder kind op vakantie' project. This project offers summer camps and holiday activities to children who grow up in underserved communities or families in financial distress.

Stichting Piëzo
(EUR 1,500)

Stichting Piëzo is a Dutch charitable organisation that provides support to people in vulnerable situations and helps them develop their talents and skills. With our donation we supported the Kinderwijklunch Palenstein which is a free lunch for children in Palenstein, Zoetermeer. This is a neighbourhood with a lot of hidden poverty where it was reported that a lot of children go to school without a proper lunch. The project has been successful and has been praised for its collaboration between Piëzo, primary schools and volunteers.
